Dear Robert -

This is to thank you for your marvelous work on the Jimmy Dean Bronze! Your talents and expertise are truly amazing, and your dedication to perfection is to be admired. Many thanks to you & your team for making Jimmy's bronze the very best it could be!

It's been a pleasure working with you & Paul, and your hospitality at your studio was so appreciated. Thanks very much for allowing us to visit on Thursday & for all your efforts. My best to you always!
